It's Your Money. You've Earned It. Now Keep It.

A checking account is still a necessity. It is a convenient source of funds for bill paying, getting cash from an ATM and buying items through a debit card. It's also a good way to keep money secure and accumulate savings. The biggest downside to many checking accounts is the very low interest rate offered by many financial institutions. Until now.

With We Florida Financial's EarnMore Checking, you can take advantage of convenience AND healthy earnings.
