This October, we're joining the fight against breast cancer by raising funds for the American Cancer Society. Stop by our lobby and look for the **donation bucket**. Every donation, big or small, helps empower survivors, provide hope for those currently battling, and contribute to finding a cure.

In The Community

Some of our team members recently visited the local library to host engaging and informative financial literacy classes. Our recent workshops, geared specifically toward middle and high school students, covered important topics like budgeting, saving, and making smart financial decisions. It was amazing to see so many young minds eager to learn how to build a strong financial foundation early on.

We're passionate about empowering today's youth in our community and giving them the tools they need to achieve financial success now and in the future. We can't wait to have our next sessions with them! Visit our website and follow us on social media to stay updated on our community involvement and see how we're making a difference.
