

We Got This.

Sept. 2022

WHAT TO BUY AND WHAT TO SKIP IN SEPTEMBER

Get ready for savings on big-ticket items this month! Retailers are looking to bring the crowds back after the big back-to-school storm has passed, and bargain prices are always a great way to attract shoppers. They also need to clear shelves before the holiday season blows in with its shopping frenzy. Add in the Labor Day

sales that kick off the month, and it means big savings during September – but not on everything. Here's what to buy and to skip.

MULTI-FACTOR AUTHENTICATION

In order to continue to provide a safe and secure online banking experience, We Florida Financial is offering Multi-Factor Authentication for each online banking log in. Multi-Factor Authentication is a layered approach to securing data and applications where a system requires a user to present a combination of two or more credentials to verify a user's identity for login.

For even more protection, make sure to enable Multi-Factor Authentication on your account. 1. Log into your account using the website on a desktop. 2. Click on Settings. 3. Click on Security. 4. Turn on Two-Factor Authentication. This will ensure that all logins be required to use your username, password and one-time passcode (4 – 8 digit code) sent to your email or cell phone to verify your identity.
